STALLIONS READY

"The Best Is None Too Good"

"EDMAR SIRES ARE TOPS"

HY SWAPS B. 1965

SWAPS - POLYLADY
by POLYNESIAN

NOMINATED FOR
STALLION STAKES

HY SWAPS

HY SWAPS is half-brother to stakes winner "Power Ruler" who just sold for \$150,000. Power Ruler's full brother is now in training and progressing "tops". We all know Hy Swapp's sire "Swaps". Do you know Hy Swap's dam, "Polylady"? She is stakes winner of \$75,606 and sister to stakes winner Polylad, \$348,004 and stakes winner Tilmar, \$102,315, etc.

"COMPLETE TRAINING AND BOARDING FACILITIES"

**LOOKOUT POINT B.
1953**

IT HAPPENED - ROMAN FIRE
by ROMAN SOLDIER

STAKES WINNER OF
\$99,720

LOOKOUT POINT

Lookout Point's two year old "Stormy Point"—winner of 5f at Portland Meadows by 14 lengths. Stakes winner of the "Oregon State Os West Memorial". You will find it hard to "top" that. Lookout Point is property of Mr. & Mrs. L. I. Tait.

FOR SALE PRIVATELY

Edmar Ranch offers the following horses for sale: TWO 2-YEAR-OLDS. 1.) filly by Colo Colo (*Princequillo-*The Squaw) out of O'Melia. 2.) colt by Bernbrook (brother to *Shannon II) out of Jass Mama. Both of these two-year-olds are in training and are going extremely well. ONE 3-YEAR-OLD. Sired by Flying Pegasus out of Jass Mama. He was trained last year, is currently in training and shows great potential. WEANLING. Colt sired by Hy Swaps. A real beauty sired by a very promising young stallion.

President's

Report

Dr. G. R. Vandervort

In the next few weeks the fate of the horse breeders will be determined by the legislature. You are all aware of the origin and content of this bill. Its success or failure will affect the future of the industry here in Oregon.

The Racing Commission is to be commended for recognizing the needs of the horsement in the unity of this bill. Barn area improvements and more equitable purses are two things which in the past have been the most difficult to obtain from the management.

Breeders and stable owners of Thoroughbreds of the state are being supplied with literature pertinent to the aforementioned legislation, which has been compiled by the Oregon Thoroughbred Breeders Assn. I would encourage each of you to familiarize yourselves with this information. Contact your area legislator and impress on them the need and importance to the Thoroughbred industry of these changes in the racing law. OTBA will be available to advise and

coordinate efforts at your request.

In recent months many of you have become aware of some of the inequities in the allocation of stalls at Portland Meadows. Especially in the area of two and three year old stable nominees. Reluctance of the management to expand the stable area and increased interest in Oregon racing has complicated this problem.

I assure you that any contract negotiation in the future will be given top priority to a solution of this problem.

In closing I would extend my most sincere thank you to each and every member of the Board of Directors. These people have given unselfishly of their time and efforts. Their devotion and dedication has been extremely gratifying. With cooperation such as we have experienced over the past year your organization and the thoroughbred industry will continue to strengthen and grow.

Vice President's Message

Dr. Joe L. Winter

The O.T.B.A. is looking forward to a new racing and breeding season with the hope of yet another record breeder. Each and every breeder hopes that he is breeding or is bringing to the track a champion.

We are starting out with the same fine leadership in our organization that helped us to progress last year. I have considered it a privilege to serve as a back-up man to our president, Dr. Vandevort. I'm sure Dr. Vandevort will give much of the credit to our executive staff headed by Mr. Maxwell as field secretary and Mr. Purcell the editor of our fine magazine.

Thoroughbred racing in the state of Oregon experienced an increase in attendance and wagering everywhere except the State Fair. A bad turn in the weather unfortunately hurt the entire fair program.

Portland Meadows experienced a rather substantial increase in both attendance and handle. Many of us feel that the liberal pass policy by the management helped substantially. Why they feel they can tighten the gate this year and expect the same enthusiastic public attendance is more than we can comprehend. This was not the first experiment with the gate but has been tried several times and in each case the increased handle has more than offset the loss in gate receipts.

The cost of forms, programs, and admission are all considered overhead to a bettor who is already well aware of the 15% plus bite that he must overcome in order to hope to

realize a profit. If he feels the admission fee is great enough to increase his overhead too much, he may just wait and take his chances with our canine competitors a little later.

We sincerely hope the management reconsiders before the season gets under way. We want to see them prosper, because we as breeders and people who race, are directly affected by the fortunes of the management.

We are now producing more thoroughbreds than ever before and some of the credit can go to the passage of the bill referred to as the Oregon Fund. The big problem is that we have saturated the market and it is now a problem for breeders to sell and to race. Our limited stall space is making it difficult to accommodate the proven older horse and the influx of record numbers of Oregon-Bred youngsters.

One of the best services we could do for our organization would be to start a major effort to create a market for our product. The organizing of an annual sale would be a major step in that direction. We have been told that it can't be done. The same people told us we could not publish our own magazine. Now, thanks to our editor we have a publication that is first rate, that we can be justly proud, and at less cost than a couple of obscure back pages of another publication.

I'm sure we have enough talent within our organization to enter such a campaign of this magnitude. We have a competitive product—all we need is a chance to market it.

Editorial

J. W. PURCELL

Concluding our second year of publication and embarking on 1969, we find that some figures prove to be of extreme interest.

Nineteen sixty-eight brought about several changes in the policy and format of the Oregon Thoroughbred Review. For the most part, the changes added to an already successful publication. Some of the important changes are to be found in this issue. Others which proved to be of importance are:

The First Annual Stallion Register. This, though a question mark at first, proved to be a valuable tool and asset to the Oregon breeder. Northwest stallion owner and the breeding industry.

We have extended from a quarterly to a bi-monthly publication beginning January of each year.

The publication has moved from a two column to a standard three column in order to line up with other standard publications.

All of these changes have been accomplished with an overall net reduction in cost. We have been able to reduce production cost by 50% and increase revenue by 30-35%. However, with these encouraging factors, the Oregon Thoroughbred Review is not at present a profitable venture. Hopefully, it will be in the near future. From the optimistic side it must be said that the Oregon Thoroughbred Review is without doubt one of our most valued assets. Profitable or not, it is our only form of communication with the horsemen and the public. Our members have begun to expect and look forward to their publication. Yes, and many have begun taking an active part in providing news and items of interest.

Another very important factor of our own publication is that we now are afforded the opportunity of mailing to every State Legislator, Senator and person in public service who may be of assistance to us. Other periodicals, libraries, breeders' organizations and news media are receiving our publication. This fact in itself is worth the minimal cost we have experienced, for it would cost considerably more to hire the services of someone to tell these people the story of our breeding and racing industry.

Our publication, its past and future accomplishments, cannot be credited to any one individual. Our growth and expansion has come through the cooperative efforts of many. The Board of Directors, each and every member, has contributed unselfishly of their time and efforts. To single

out any one member of the board would be unfair. Let it suffice to offer our gratitude to them as a nucleus.

The board has not been alone in contributing time and energy. Others who have been instrumental are:

Allan Rogers, who has been of great assistance. He has given more of his time than should be expected of any one individual.

Grace Herron, who has been a welcome and valued addition. We sincerely hope to obtain more of her services in the future.

Clayton Hannon, who though overloaded with his own and community affairs, has given unselfishly of his time and talent and has been a valued adviser.

Beth Carter, who has when possible guided the advertising and art.

Russ Brown, Seattle office of the DAILY RACING FORM, who has provided all statistical data as well as articles of great interest.

There are many more too numerous to name but a special debt of gratitude is owed to Nelson Maxwell for his capable guidance of the Oregon Thoroughbred Breeders Association over the past year. An entire editorial could be written regarding your Executive Secretary and when finished all that would be touched is the surface of the job he has performed and the accomplishments gained.

The future of the Oregon Thoroughbred Review is bright and now is not the time to bask in our laurels. We must continue pressing forward and improving lest we become mired and lost in the doldrums of mediocracy.

The future of the Oregon breeder is also bright, as shown by numerous horses going out of State to top some of the finest fields in the country. Two such notable steeds which come to mind are:

JUDY B, the finest filly to be produced in Oregon. This filly has moved into the number three slot for all time money winners and has campaigned with the true spirit and heart of a thoroughbred.

PRAISE JAY has become the only Oregon bred to win a major stakes race since MIDLAND.

As we continue to improve our breeding stock, we will be heard from even more resoundingly in other parts of the nation. In this respect, congratulations must be given to every individual breeder for possessing the tenacity to stay with a job that only a few short years ago appeared lost.

Seldom do I feel that quotes in an Editorial are proper; however, the following is so true and to the point that I would take this opportunity to deviate from the norm and quote Mr. Ed Heinemann, Executive Vice President of the Washington Horse:

"I must now come to an area that is one in which I would hope that I could report that substantial progress has been made. Unfortunately, for our industry as a whole, it is a matter that I feel I must again refer to with the hope that repetition may effect some progress. This is the area of activities by a segment of the horseman's fraternity in our state who continually espouse a negative attitude, regardless of the situation. They do both themselves and the industry a disservice with the mouthing of rumors, half-truths, suspicions, and general condemnation of everyone and every horse other than their own.

"It is a fantastic collection of garbage which some of these people propagate. Just to mention a few, we have heard that our board is a clique; racing officials are dishonest; this, that, or some other imagined medication "got by" the chemist's test; the jockeys and agents cut up the races; track operators own or control most winners; any one of a half dozen farms has a mysterious disease or doesn't feed their stock; that a fellow sales consignor is selling only his culls, etc.

"The really sad part of this situation is that the vast majority of horsemen soon recognize this minority in its true light and write them off, but the general public, on whom racing depends for its patrons and its new owners, are the ones gaining a false impression.

"Let us, as a dedicated association, challenge each and every irresponsible or unfounded statement and action to the end that the truth be known."

These are wise words which it would pay each of us to heed. Who knows who may be listening as we sit in a restaurant, stand in line at a grocery store, ride the bus or walk through the crowd at the track. We want to be accepted by the public; we want the public to support racing; we want the public to assist us in Salem and we want to have the Legislature pass affirmative legislation to assist racing and breeding. BUT, what are we doing to or what type of public image are we giving ourselves? Who will help us if we are not willing to help ourselves?

Oregon Review of Racing

by Rus Brown

The tax on pari-mutuel wagering in Oregon has what some have come to call an "escalator" clause. It's more like a runaway elevator. The tax has had a stifling effect on the growth of racing associations in the Beaver State and attempts to have it replaced with a more equitable arrangement have met with unsuccess. To "skirt" the law but by no means to violate it, a noble experiment was instituted in 1968 by which Portland Meadows, Inc., could realize a better return on its racing investment.

Instead of racing the full 60 days under the banner of Portland Meadows, Inc., it was decided to race 50 days under the corporation and an additional 10 days under Pacific International Livestock Exposition, Inc. In this manner, the track would be leased to the "fair" organization which in turn would be taxed far less than a private, profit-making corporation.

By all apparent signs, the experiment was highly successful. Portland Meadows, Inc., though it handled about \$1,343,000 less than it did in 1967, its daily average mutuel handle shot up nearly 10% over last year to record a smashing \$285,124 per racing day. It was the biggest season, from that standpoint, in the track's history. Handling \$300,000 per day in 1969 seems a foregone conclusion. While the handle was up markedly, attendance failed to advance much to the disappointment and dismay of racing officials.

The reason for the loss at the gate is not easily discernible and the full reasons may never be known. With upward trends at tracks in Washington and British Columbia, it's hard to understand why more people did not take in the races.

The P.I.E. meeting, for its first season, got off to a substantial start, giving promise of better years. For its 10-day meeting, it took in \$2,356,818 through the windows for a daily average of \$245,681. The track paid out well over \$123,000 in purses.

Because of the fewer number of days of racing in 1968, the only way to analyze purses is to see how much was paid out on a per diem basis. Again, another great leap forward was made. With an all-time record of \$10,521 to work against, Portland Meadows came through with \$12,125 in 1968.

It goes without saying that Port-

land's most productive days are those when there is no conflict with Longacres. It is believed there will be attempts made at the 1969 legislative session to erase the March 1 starting date and seek permission to open earlier, perhaps as early as Washington's or Lincoln's Birthday in 1970. This is within the realm of probability.

One other suggestion to be considered to help the growth of the racing industry in Oregon is to explore the possibilities of an all-weather racing surface particularly if Portland opens earlier and faces the prospect of having more off-track days. This can be expected to lead to more formal racing which increases betting confidence by the public. The hurdle to overcome is, of course, the cost of the new surface but perhaps a solid presentation to the state legislature pointing out how it will reap dividends through higher mutual revenues may be sufficient to obtain financial assistance by the state in the purchase of an all-weather racing strip.

At Gresham and Salem, the handles slipped slightly from the previous year but purses were up. Salem was down almost \$50,000 in total handle but up over \$5,000 in purses. Gresham was off almost \$40,000 but paid out in purses \$7,000 more than it did the year before.

On the racing front, a single word, a single name best describes the sport — Judy B. The great three-year-old filly owned and bred by Clarence Bernards of McMinnville, smashed all serious opposition in Oregon and even went on to Washington and later to California to prevail over not only the best distaffers that could be thrown in her path or the best three-year-olds but tackled older males and handed them a pasting.

At 2, Judy B. was undistinguished winning two of her seven races. One of the triumphs came in the Janet Wineberg Memorial, an added-money affair for juvenile fillies, which she took through the disqualification route after suffering interference from Flying Swallow, a first-time starter. She resumed her campaign at Golden Gate in March of her three-year-old season with three reasonably good efforts though none produced a victory.

Brought to Portland Meadows in late April, she first registered as the 3-5 favorite in a six-furlong test win-

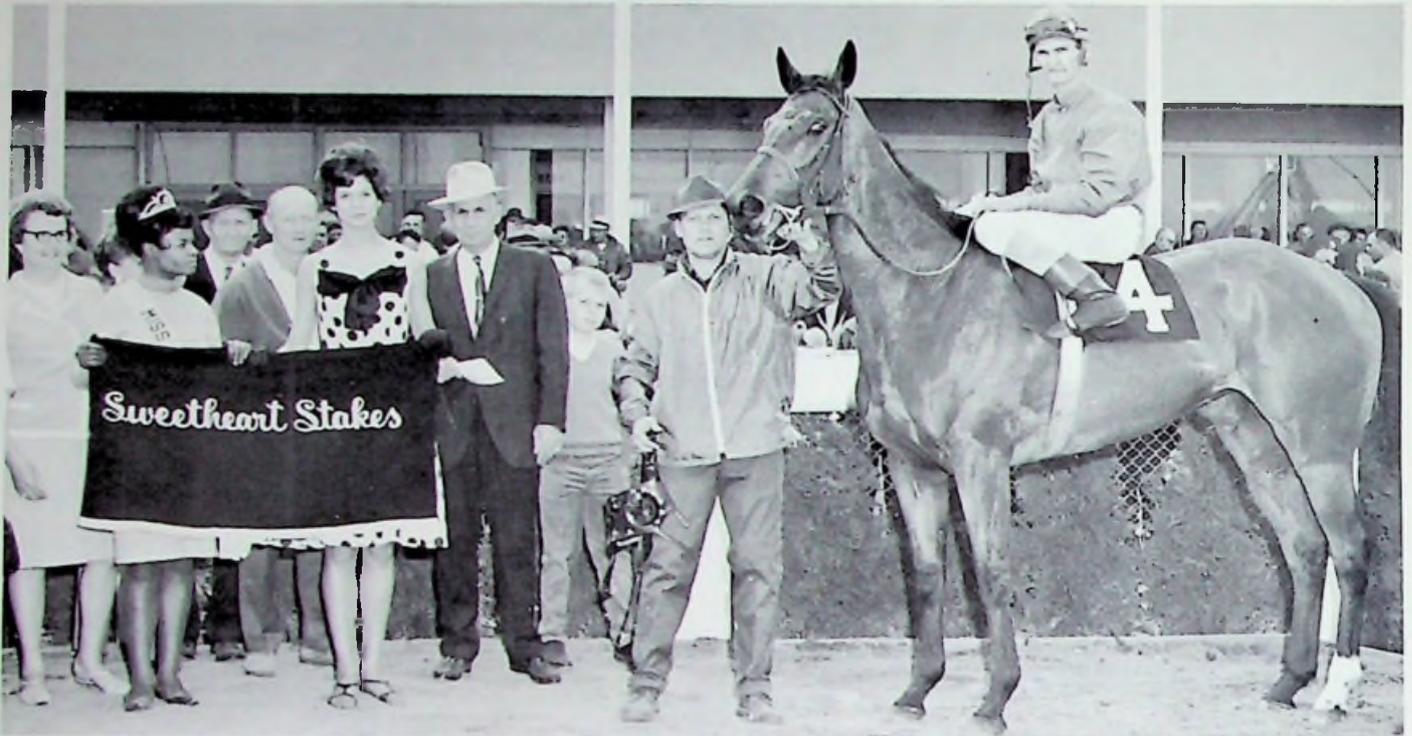

ning out over Stronger Judgment and Sweet Taffy by a neck. Richard Wright rode her that day and it would be that he, trainer "Nub" Norton, owner Bernards and Judy B. would become inseparable throughout the long, hot summer. A second outing over the Rose City course produced a defeat for Judy B. at the hands of Apache Moon. It was a one-mile affair for a modest purse. There was no long-standing reputation, no glittering chalice or multi-figured cheque hanging in the balance. She was second but Apache Moon would not see another occasion when she could best Judy B.

From that point forward, Judy B. would soon become the top stakes-winner of the meeting, the best three-year-old, leading money-winner and Horse of the Year among Oregon-breds. The first stakes victory came in the Sweetheart Stakes, third edition. Off her loss to Apache Moon at a mile, most observers felt she was just a useful sprinter and little else. Consequently, she was held at 12-1 in the wagering. Breaking alertly, Judy B. was allowed to make the lead which she held over Raging Watters. She shook that one off after three-quarters and began a move that widened her advantage over her foes by first three lengths, then six and finally seven as she zipped under the wire in a time of 1:36 4/5, the fastest mile to be run that year at Portland. The good race mare, Ragette, was second and Juniper Lady was third. Nine others including Apache Moon were scattered up the track but they mattered not.

With domination of her sex complete, Judy B. embarked on a collision course with the male set. It came two weeks after the Sweetheart Stakes in the 9th running of the Oregon Breeders Championship. The racing strip came up knee-deep in mud on the day of the race but it did not discourage 10 owners from wanting to upend Clarence Bernards' precocious three-year-old. Top-flight runners were named. Foreign Royalty, 1967 Oregon Derby victor and leading money-winner of that year was there and getting plenty of support. So was Phar Knock, Juniper Lady, Golden Masque and Apple Wick.

Foreign Royalty was assigned top weight at 118 pounds and Judy B. 115. It seemed innocuous enough until one looked at the scale of weights. In May going 1 1/16 miles,

JUDY B. - Horse of the Year

1968 OREGON DERBY — 1968 SWEETHEART STAKES — 1968 OREGON BREEDER CHAMPIONSHIP

three-year-olds get 14 pounds from older rivals which meant that Judy B. was carrying a theoretical 129 pounds. Following the pace of Golden Masque for the first quarter, Judy B. moved up alongside to run head and head with the six-year-old and when they reached the head of the lane, Ken Coppernoll went to work on his mount. Meanwhile, Judy B. was feeling the lash herself. Every ounce of sinew and muscle within the sophomore filly worked in complete harmony and she prevailed by a half-length.

Along about this time, trainer Norton came to Seattle and he talked of his filly in cautious words. Unable to permit himself the luxury of speaking about his three-year-old sensation in Olympian phrases, Norton played down her accomplishments almost giving the impression that if he agreed she was as great as historians regarded her, the bubble would burst and his dreams would vanish. A week after, the Oregon Derby was held and at odds-on, over a sloppy track, Judy B. showing the same disdain for her opponents as she had in previous outings by rolling to a 3-1/2-length triumph with Jerry Nonamaker and Model D. in closest pursuit.

The scene shifted to Longacres where, in the inaugural running of the Belle Roberts Handicap, Judy B. had her win stein of three straight snapped by Fleeting Class and Miss Redoubt. Thereafter, she began another string of triumphs that would come in an allowance race, the British Columbia Oaks at Exhibition Park and the Spokane Handicap at Longacres before tasting the bitterness of losing to Mr. Q.D. in the Longacres Derby by the narrowest of margins. The loss to the Washington-bred gelding was probably her greatest. Giving weight away to a male over a distance of ground, setting the pace throughout and then, when headed in the stretch, battling back with the kind of courage and stamina many thought had perished with the great horses of the past.

Sacramento's State Fair presented two rich plums for the Oregon miss: the Rancho del Paso Stakes and the Sacramento Derby. She won them both. With the Ides of September rapidly approaching, Judy B. dead-heated with Peggy's World in the \$15,000 Hillsborough Handicap at Bay Meadows carrying 123 pounds. She closed out her three-year-old year with a record that revealed 10 victories and five other placings and

winnings exceeding \$58,000 for a most remarkable record.

Judy B. is the fifth foal out of the 100% producer, Galadust. Her sire is the deceased sire *Perambulator who stood for Bernards and S. J. Agnew at the latter's T-9-0 Ranch in Washington. Judy B. is a half-sister to Dustys Bay, winner of a division of the Oregon Futurity in 1963. Galadust is a winner of modest earnings and a half-sister to Stormy Cloud who won \$112,540 including important scores in the Marchbanks Handicap and Albany Handicap.

It took no cerebral strain to determine the best Oregon-bred three-year-old of the year. The choice of top juvenile is not as readily ascertained. With three major stakes in the stake, five races developed that would effect the outcome on the best two-year-old. Last year Fleet Rage won three straight and half of the Futurity while Peckulator won the most money and the other half.

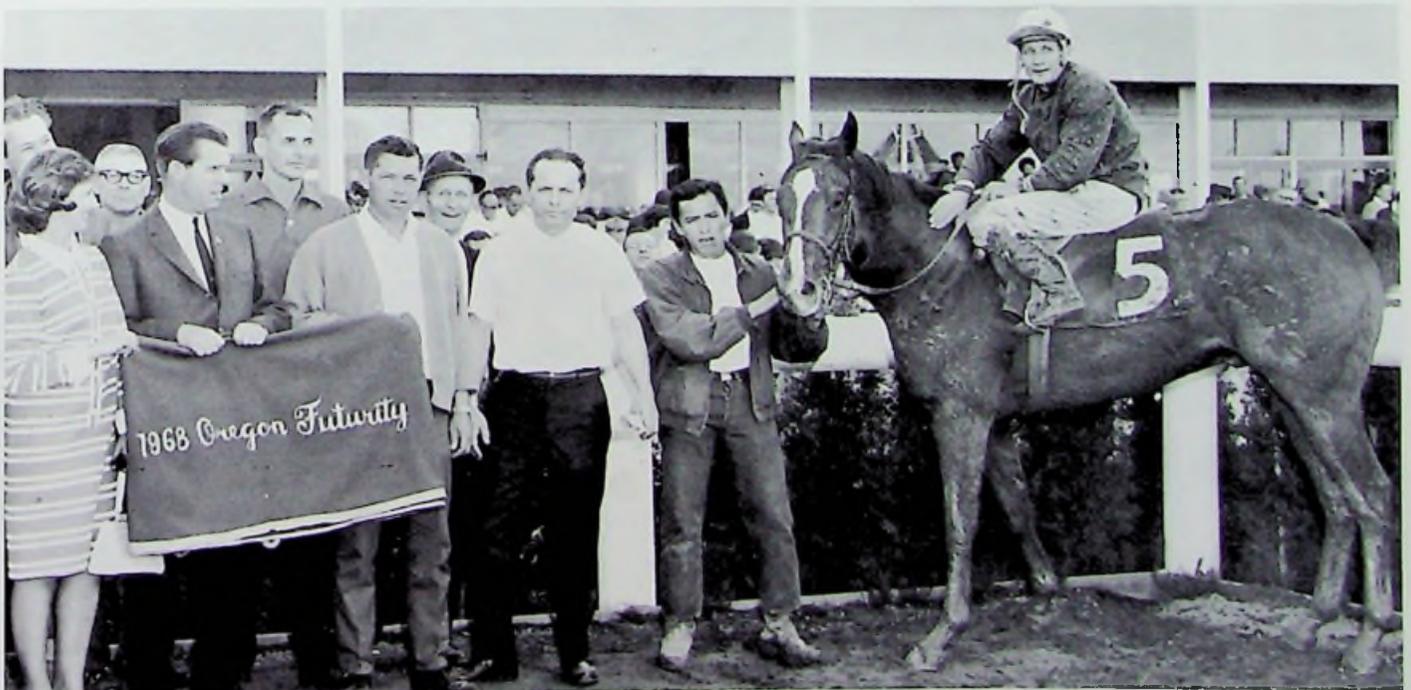

Once again the race was split because of the large number of entries and at that, it was necessary to use mutuel fields in the wagering. In the first half, recent winner Doll Dena was installed the favorite and was seeking to restrain Tall Ben, Squinas

DOLL DENNA - Leading Juvenile Money Winner

1968 OREGON FUTURITY – 1st DIVISION
1968 JANET WINEBERG MEMORIAL – 2nd DIVISION

MR. BATMAN

1968 OREGON FUTURITY – 2nd DIVISION

and Blue Apple from extending their winning efforts. Owned by her breeder, Mr. and Mrs. C. H. Savage of Portland, Doll Dena showed an affinity for the muddy conditions and merely "cake-walked" her way to the winner's enclosure by seven lengths as Stable Stead nosed out Tall Ben for runner-up honors. The others labored through the going and were not dangerous. The time of the race was 1:07 $\frac{3}{5}$ and the victress picked up a check worth \$9,594 which contributed in a large way to the \$15,899 compiled by the filly for her first season of racing.

Earlier, Doll Dena accounted for her first stakes victory by capturing a section of the Janet Wineberg Memorial with a front-running effort that wilted the opposition. Jerry Tarketa, a rider with the reputation of getting his mount out of the gate quickly, took Doll Dena to the front and opened up two lengths before they had gone $\frac{3}{16}$ of a mile. The race was over at that juncture but he kept the filly that much in front throughout and came home in a time of :59 $\frac{4}{5}$ as Miss Hemp String and Missing Cover followed.

The other half of the Janet Wineberg Memorial went to Mr. and Mrs.

W. Tarter's Antitrust, a chestnut daughter of On Trust and Gambling Miss. With two victories to her credit, Antitrust went into the first division of the Wineberg Memorial with Dan Castle in the irons and much support from the 6,068 fans in attendance. Narrowly, Seldom Dreams was the choice with Antitrust in second place but the result was vastly different. Antitrust raced on the lead with Singing Sally forcing the pace but when the latter gave up the chase, the filly saw herself in front by two lengths and no one moving up to challenge the front-runner. By the end of the five furlongs, Antitrust was four lengths in the lead and Athelstane came strongly for place money, Singing Sally held on for third.

Mr. Batman, second division winner ran much the same as Doll Dena, that is to say he took command early and ran ahead of the pack though he did not run off by himself as the filly did. His margin of victory was only 1 $\frac{1}{2}$ lengths at the end of the 5 $\frac{1}{2}$ furlongs and he earned slightly more: \$9,894 though he ran slightly slower, 1:08 $\frac{2}{5}$. Mr. Batman, owned by N. E. Norton, beat out Antitrust and Ruler's Whirl not to mention Stormy Point and Smooth Like who would go on and capture divisions of the

Os West Memorial at Salem Park. The third foal from Star Stepper, Mr. Batman is the first stakes winner. His pedigree on the bottom seems obscure on the surface but it can be traced back to a Gallant Fox colt, Giles County, which won the Albany Handicap in 1938. The latter's dam is out of the stakes-producer Etoile Filante which produced 1926 Pimlico Futurity winner Fair Star (\$92,762) plus \$52,190 High Quest and Evening Tide. This is also the point where the family branches out. Etoile Filante is the third dam of such outstanding performers as Find, Old Pueblo, Sari's Song and others which bestows the title of foundation mare upon her and rightly so.

Mr. Batman was the runner-up in the second running of the Oregon Stallion Stakes behind Smooth A Go Go. The former vied for the role of favorite with Samboya but it was Smooth A Go Go who grabbed all the marbles. With a final burst of speed down the 990-foot straightaway, and was timed in 1:06 $\frac{4}{5}$ for the 5 $\frac{1}{2}$ furlong distance. Representing the first Oregon-bred crop from the successful progenitor, Smooth, the young colt dashed home to give himself his maiden victory and his sire his first stakes winner.

SMOOTH A GO GO

OREGON STALLION STAKES

STORMY POINT

OS. WEST MEMORIAL — 1st DIVISION

It was also the first victory as well as stakes score for the mare Wickerwee who had only one other foal reach the races: Thats Life.

The Os West Memorial remembers a pioneer horseman in Oregon and the race often attracts many juveniles for the race. It is run for a modest purse and while it attracts useful baby racers, it is more often taken for a futurity consolation. It gives an opportunity for those youngsters who are a cut below the best to pick up a stakes prize. In the race's brief history, it did not split into divisions until 1968 when 14 were entered.

A favorite and a second choice would turn out to be the winners. In the first division, Stormy Point, a son of Lookout Point and Ellen's Song, with John Andrews aboard, bounded home by a pair of lengths and brought happiness to Mr. and Mrs. L. Tait, the gelding's owners and breeders. He was timed in 1:07 2/5 for the 5 1/2-furlong distance and defeated Darby's Beau and the favored Grey Ribbon.

In the second half, Smooth Like gave his sire a second stakes score when he popped home by four lengths in a time of 1:06 with jockey Pete Tranchina at the reins. It was a

momentous occasion for owners-breeders Mr. and Mrs. Boyd Standley as their gelding turned back Tall Ben and Dandy Flight. The victory for Smooth Like was his third straight and fourth of the season as he finished out his two-year-old campaign. Out of the mare Nolo, Smooth Like has the same second dam as stakes winners Aryess, Lea Rover and Mr. High Lo. That broodmare won the Spokane Futurity in 1947 and is a sister to stakes winners Lucky Valley, winner of the Playfair Mile, Rover Bill, Washington and Spokane Futurity winner, and Big Success, a multi-stakes winner. Her dam is out of Wonderful One who is the third dam of Run For Nurse (\$253,145), Gallant Romeo (\$202,401) and Wozzem (\$155,588).

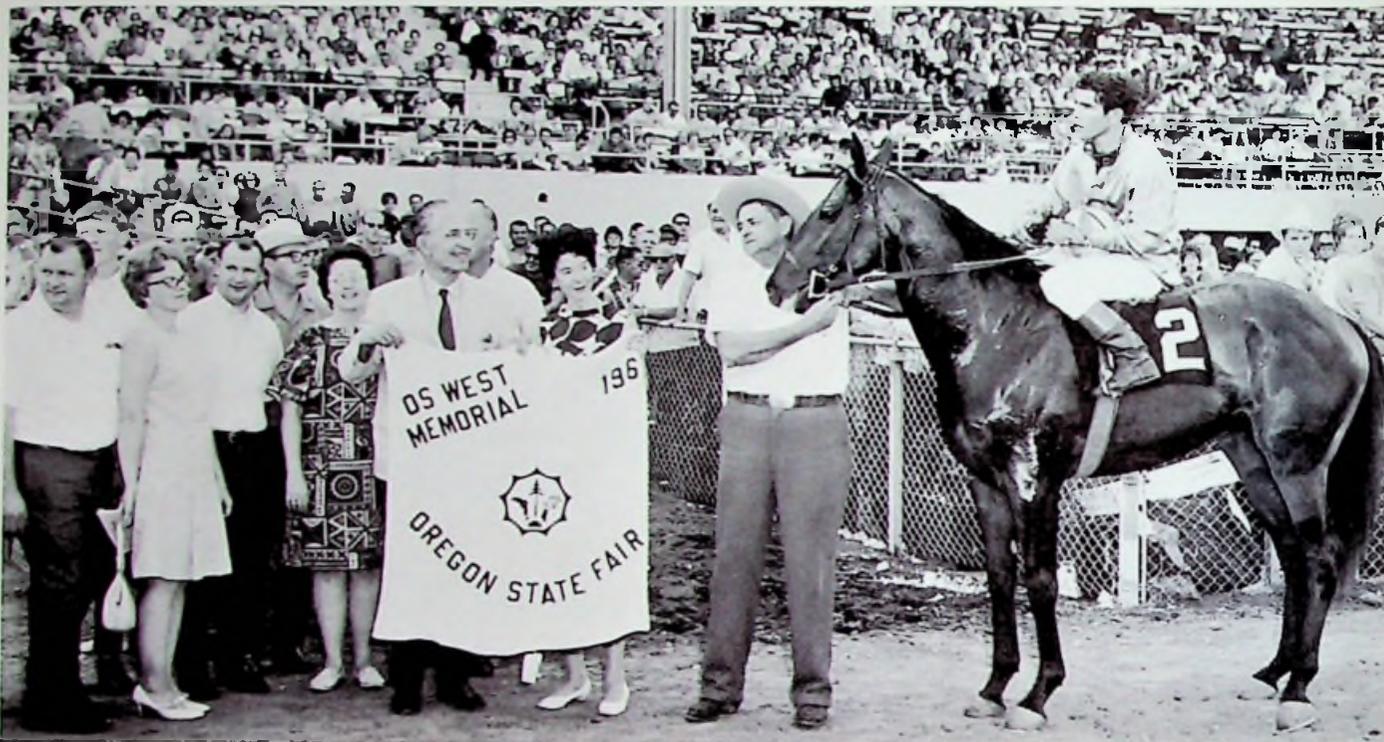

The sophomore test at Salem Park which holds the most fascination for owners and trainers as well as fans is the McFadden Memorial at a flat mile. For the 1968 renewal, the strip was a cragmire and Herb Conley's Du Call, a winner in such goings earlier in the week, was the prohibitive choice at 2-5. In the minds of most, the other horses were of no concern. Only Little Apple was less than 10-1 in the betting and he came

from Longacres where he was sixth in one start.

It was this invader that took the lead from the 124-pound highweight and favorite and proceeded to draw out as they raced past the half-mile and three-quarter mile ground. With time and real estate running out, Jack Palmer got into Du Call and they began to pick up lost lengths but Pete Hidalgo and Little Apple would not shorten stride. Inching ever closer, Du Call and Little Apple battled for the lead but the latter would not give up and crossed the finish a neck ahead of his rival who in turn was eight lengths ahead of Grand Orby. To owners McLean and Nold, the victory was sweet as it gave the son of Apple Valley--Little Image his initial stakes score.

The victory of Little Apple should have come as no surprise to pedigree pundits. Though out of a modest winner, Little Image's second dam, Jock's Image, produced two stakes winners in Glamis (\$13,185, winner of 1st division of El Camino Stakes), and R. U. There (\$26,915, winner of the Arizona State Fair Stakes). Further back on the female line is Jack Hare, Jr. who won six stakes at 2

SMOOTH LIKE

OS. WEST MEMORIAL—2nd DIVISION

and 3 including the Preakness Stakes in 1918. In the stud, Jack Hare, Jr., sired two stakes winners in Fred Almy and Little Asbestos.

Other notable performances during the past dozen months include the speedy efforts of L. Woods' Juniper Lady. Although a plater, Juniper Lady managed to post the fastest times of the year by an Oregon-bred at two distances: 1 1/8 miles and 1 1/4 miles. At one point she held three but Judy B. exceeded the 1:43 3/5 posted by Juniper Lady for 1 1/16 miles. At Longacres at 1 1/8 miles Juniper Lady sped the distance in 1:50 on July 28 and then at Bay Meadows in October she was clocked in 2:03 for 1 1/4 miles. Juniper Lady went on to win five races during the year mostly against lowly platers. She was bred in the state by Mr. and Mrs. Ward H. Rhoden and is by Scorser out of Super Flight. She was third in the Sweetheart Stakes in both the 1967 and 1968 renewals. In 1967 she also placed in the Oregon Breeders Championship. She remains the track record holder for 1 1/4 miles at Portland with a 2:05 1/5 set in 1967.

Through the end of the Portland Meadows meeting, Cursea held two

fastest times among homebreds: 1 1/4 miles and 1 5/8 miles. Winner of but two races in the year, Cursea registered a 2:15 3/5 on June 1 at the Rose City course and followed that up two weeks later with a 2:8 at the longer distance. Cursea was 11 years old last year and raced in the colors of Mr. and Mrs. E. C. Sturgis. B.W. Avers is the breeder.

Miss Hemp String, runner-up in the Janet Wineberg Memorial, is the current record holder for two furlongs at Portland Meadows with a :24 1/5 clocking over a strip labeled "slow." The Big Smogy-G. String lilly posted two victories and made her last appearance of the year in the Wineberg Memorial.

 TALL BEN—(1968) 2nd Os West Mem. 3rd Ore. Fut.
 TRENDLER—(1968) 2nd Inaug. H.

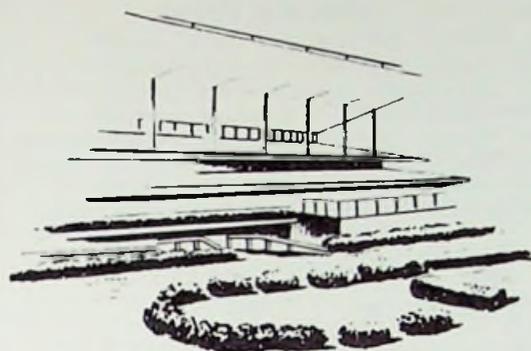

Stakes Review

In previous issues of the Oregon Thoroughbred Review's ANNUAL REVIEW it

has been our policy to present an index of every Oregon Bred Stakes winner and placed horse since the start of thoroughbred racing in the State of Oregon. However, the problem has arisen that presentation of all such material to our readers could easily extend into an entirely new magazine. With this problem in mind, and since the ANNUAL REVIEW has undoubtedly become a permanent part of your libraries, it is felt that the most efficient means of providing a service to you would be to list only those horses who have been stakes winners or placed horses for the preceding year. This means that stakes winners and placed horses for the years prior to 1968 will only be listed in our previous issues. For the year 1968 you will find stakes winners and placed horses listed herein.

Portland Meadows

JANET WINEBERG MEMORIAL

BAROUCHE

If you want a race horse

breed to a race horse!

Barouche is SUCCESSION'S leading stakes winning son and he is from SHOOTIN TOPS, hence a full brother to stakes winner Little Barouche and a half-brother to stakes winner Topleftte. In addition Barouche is a brother to \$36,263 winner Miraculous, Sanew, Jubila and Which Now. A 100% producer, Shootin Tops is a sister to 6 winners, all the foals to race from 100% producing Marynell who was a stakes winner herself of over \$26,000. Barouche was a top stakes winner of 16 races and \$71,125 in Washington and California. He broke the race records four times and set a new track record for a mile and 70 yards during a three year campaign. His victories included The Drumheller Memorial, Rhododendron Handicap, Spokane Handicap, Washington Championship, Golden Gate Handicap, Dumpty Humpty Handicap, the Directors Handicap, etc. He won at every distance and on any kind of racetrack.

Barouche has sired 15 foals, 6 winners including Mr. Barouche, 2 wins, \$7,332. From his first major crop of two year olds he sired the winners, Bonnie Lakekin, Panther P., Pleeze A Crowd, Skelters Raider, Two'll Do. Also placed is Mr. New Year who was defeated by a Barouche colt in his only start.

CLASSIC STALLION

Oregon Bred Wins \$75,000 Added

San Antonio Stakes at Santa Anita

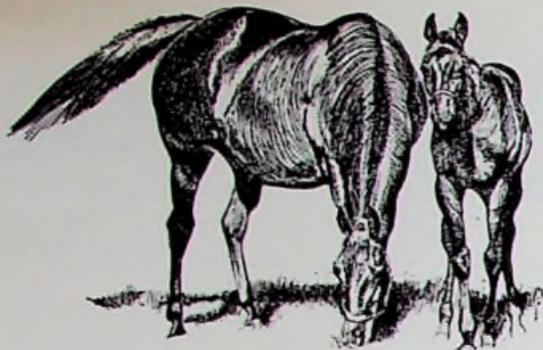

George O'Brian, President of the Santa Anita Foundation presents trophy to John Hudspeth. Trainer is W. C. Holmes and jockey Miguel Yanez.

John Hudspeth's **PRAISE JAY** startled the racing world by winning the 1-1/8 mile stakes by 3-1/2 lengths. In the beaten field were such stars as **RACING ROOM**, **RISING MARKET**, **BIGGS**, **DIGNATAS**, and **KING'S FAVOR**.

PRAISE JAY, sidelined for over a year with a broken leg, showed superior form in winning a stakes at Bay Meadows last fall. He has now won 3 races and \$86,000. He is the only living foal from the Free France mare, **AP-PRAISE**. His sire, **JABIL**, won 15 races and over \$50,000. He was bought by Mr. Hud-

speth's Golden Pines Ranch in Prineville, Oregon from King Ranch, in the hopes of winning the Longacres mile. Bothered by ankle trouble he was retired to stud. **PRAISE JAY** is from his first small crop. Since he now is available to outside mares his future crops should be much larger.

Praise Jay, along with Judy B, herald the resurgence of Oregon Bred horses at the big tracks. It's been a long time since **MIOLAND** won the San Antonio in 1961.

PHILATELY

PHILATELY

BAY, "Princequillo (\$97,550) — Two Cent Stamp (\$59,394) By Double Jay (\$299,005)

How many Northwest stallions made the Experimental Free Handicap?

Very, very few in the entire Northwest and research can discover none in Oregon before Philately. Having started six times at two, winning twice and placing three times, Thomas Trotter assigned Philately 112 lbs. ranking him 45th on the list of the 124 best two-year-olds in America for 1964. A list headed by Bold Lad and including such as Sadair, Native Charger, Royal Gunner, Tom Rolfe, Umbrella Fella, Hail to All, Gummo, Terry's Secret, Black Pool, Flag Raiser, etc.

Fee: \$500. \$100 at booking, not refunded, balance when foal stands and nurses.

Property of a Syndicate

Nominated for the 1971 Oregon Stallion Stakes.

C. W. BERNARDS

Rt. 2, Box 211 — McMinnville, Oregon

OREGON BREEDERS STORY

In one sweeping move, Clarence Bernards not only made the top ten among Oregon breeders but zoomed far ahead of his rivals. Largely through the efforts of Oregon's Horse of the Year, Judy B., Bernards rang up a magnificent \$63,356 which must rank as a record in modern years.

Judy B. posted a one-season total of \$51,800 while four other Bernards-breds made up the difference. The other winners were Final Choice, Flight To A Star, Grounded Light and Strong Award. Though the leader in money won, Bernards could only capture fourth place in leaders in winners and a similar placing in races won.

John Hudspeth, whose Praise Jay won \$30,925, took second place by an easy margin with an aggregate of \$45,323. He did not place among the first five in winners or races won. Last year Hudspeth placed fifth with earnings of less than half what he posted in 1968.

Perennial contender M. C. Shelley, second last year to J. T. Smith, slipped a notch to third in 1968 although his horses won more money this

year. With 26 representatives, by far the largest contingent, Shelley-breds amassed the sum of \$31,831 as compared to \$28,528 in the year before. Shelley managed to top all other breeders in having the most winners (15) and winning the most races (26).

W. J. Conley moved up to fourth place after a sixth-place finish in 1967. His horses collected \$25,219 and he won the second highest number of races with 20. His biggest wage-earner was Du Call (\$7,955).

John Daly salvaged fifth place in 1968 after being third the year before. His earnings, however, rose from \$23,786 to \$24,940. Daly produced the second greatest number of Oregon-bred winners during the year and they garnered 16 races.

Also making an appearance on the "Top Ten" was Arnold Neace. With all six of his runners proving to be winners, Neace accounted for \$23,892 and 12 races. His top money-getter was Ronnie Bly who earned \$8,003.

Harold Fyllingness boomed up the list with a seventh-place finish as

his horses won \$21,142 substantially higher than the \$6,253 of 1967. His stakes-winning Mr. Batman posted the lion's share with \$12,884.

J. T. Smith dropped from first place to eighth as his runners won only \$17,669 as compared to \$30,127 the year previous. Smith had four winners from eight runners with Ragette winning the most (\$7,085).

Mrs. Mary Goldblatt won ninth place with \$16,819 on the basis of the successes of Pat Lander (\$5,810) and Mary Benson (\$5,208). She had five winners of seven races.

Completing the top ten is Stanley Hoden whose Mr. Most contributed \$10,371 to the \$15,979 accumulated by his four runners. Hoden's horses won 10 races.

Once again the number of breeders increased this time from 180 in 1967 to 222 in 1968. Following are the records of each individual breeder for 1968. Each starter appears under its breeder with complete money line for the year. Stakes winners appear in capital letters.

LEADERS IN MONEY WON

1. Bernards, C. W.	\$63,356
2. Hudspeth, J.	45,323
3. Shelley, M. C.	31,831

Hear coughing in the barn?

You can't afford to lose a single race to influenza (the cough). Not when it costs so little to vaccinate with Fluvac—the proven equine influenza vaccine. Before you hear coughing—get the jump on influenza by vaccinating with Fluvac at once.

Let it be your warning: VACCINATE FOR INFLUENZA

Don't let influenza (the cough) knock your horse out of the starting gate. Or, weaken your horse enough to keep him out of the money.

Better you should vaccinate with Fluvac at the beginning of the season. If you've done that—forget about influenza!

But if *your* horses aren't vaccinated—and you hear coughing in the barn—take heed.

Make sure to protect your horses with Fluvac—proven highly effective against both A¹ and A² virus strains—the only strains known to cause influenza in horses. Each batch of Fluvac must pass a bona fide potency test. Fluvac contains a special adjuvant which provides immediate and

sustained immune response. And it has passed the test of time—with over 4 years of field trials and actual track use.

Each horse should receive 2 doses, 6 to 12 weeks apart. Thereafter a booster shot each year. Fluvac is virtually reaction-free—there's no particular reason why your horse should miss a day of training or a single race.

Highly contagious influenza can strike suddenly. It knows no age, no area, no season. However, changing, colder weather is a time to beware.

If you want to gamble—try the \$2 window! But if you want to play safe—call your veterinarian and vaccinate with Fluvac *today*.

Protect now with **Fluvac**[®]
(equine influenza vaccine)

1968

OREGON BROODMARE REVIEW STORY

In 1967, the progress of the breeding industry in Oregon was described as the "Great Leap Forward." This year, the improvement was so startling it was necessary to recheck figures to be sure a mistake had not been made. None had. The theory had been advanced that since Oregon-breds had earned \$624,256 in 1967, one could reasonably expect the figure to reach beyond \$700,000 or perhaps the three-quarter million mark but when the earnings bounded well over \$800,000 it was almost beyond belief. The final figure came to \$822,227 or nearly \$200,000 greater than the previous 12 months.

Accompanying the increase in earnings, a vast improvement was also apparent in the number of starters, winners and races won. In 1968, 525 horses bred in Oregon reached the starting gate, an increase of 120 from 1967. There were 73 more winners totalling 271 for the year and they accounted for 503 races, an increase of 104.

All along the line there was more of everything: More breeders (222 compared to 180); more sires with a winner (109 compared to 84); more dams with a starter (375 compared to 286) and the divisional leaders showed higher gains than in previous years.

It is obvious that better broodmares are finding their way into Oregon nurseries and the gains being shown this year likely are only a small fraction of those to come. One would like to think the upsurge in quality may have come about through the annual review of the Oregon Thoroughbred Breeders Association and it is hoped individual breeders do not become "intoxicated" with the growth this year. They must not be satisfied enough to let up on their efforts to upgrade their own stock.

Looking back over the past dozen months there are several factors involved in the increases shown in the annual review. Aside from the better quality of Oregon-breds, another factor which contributed much to the successes of Oregon-breds was the exodus of these runners from Oregon during off-seasons — forays into Washington, Canada and California brought wealth to owners and breeders in amounts never before hoped. Oregon horsemen are beginning to realize their runners don't have to take a back seat to anyone. Victories at Santa Anita, Bay Meadows and Golden Gate are evidence.

William Charpilloz's grand broodmare, Sans Souci who topped the broodmares for

several seasons, stepped down in 1968 to let John Hudspeth's Appraise move to the head of the class. The dam of Praise Jay, late-developing stakes winner at Bay Meadows, has had only the one foal to reach the races and a most successful one at that.

Appraise is just one of 375 broodmares whose complete record appear herein. From that total, 37 or ten percent are stakes producers. The figure should be twice as great. The broodmare table ranks each of the 375 according to average earnings per starter. Only 30 mares had earnings marks \$10,000 or higher while 31 failed to produce a runner which earned a dime. In between, more than 300 broodmares had earnings up to \$10,000. There were 109 mares which had runners who averaged over \$5,000. Nearly half of the broodmares had earnings of less than \$2,000.

This is not mentioned to try to belittle the mares in the state but rather to show just where we stand. It goes without saying there is much room for improvement. Many mares have entered the nurseries because they cannot race successfully any longer and the owner likely is attached to the mare and would rather hang onto her than sell her to a rendering

plant. More often than not, this mare competed in lowly plater races and hardly has the credentials for procreating her line but scores like this every year clutter up the breeding program. This only stagnates the industry. The breeder must seek out new and successful lineages from other parts of the country. It will not be easy or inexpensive but the rewards will be waiting for the breeder who is progressive and farsighted.

The selection of the proper sire to which to mate a broodmare must be made with an eye just as critical. Of course, no blanket standard can be made in selecting a sire but a careful search of past breeding performances coupled with the breeder's own appraisal as to how a particular top line will fit his mare's bottom line should reap rewards.

The new Northwest Stallion Register which is published by the OTBA offers the breeder unequalled assistance in selecting the right stallion for his mare. One suggestion is offered. When perusing the stallions, look for the stud with a top line that has consistently produced sires of stakes winners, it means an extra dividend. It best could be summed up by saying, "Be selective."

The most successful breeding year in Oregon has passed into the history books. The results of 1968 have been most stimulating. Who could have predicted the immense growth of the Oregon breeding industry in just a year's time? If over \$800,000 can be registered in 1968, can the first \$1,000,000 season be far behind?

MAHOGANY

AT STUD IN OREGON AT SUNNY SLOPE FARM

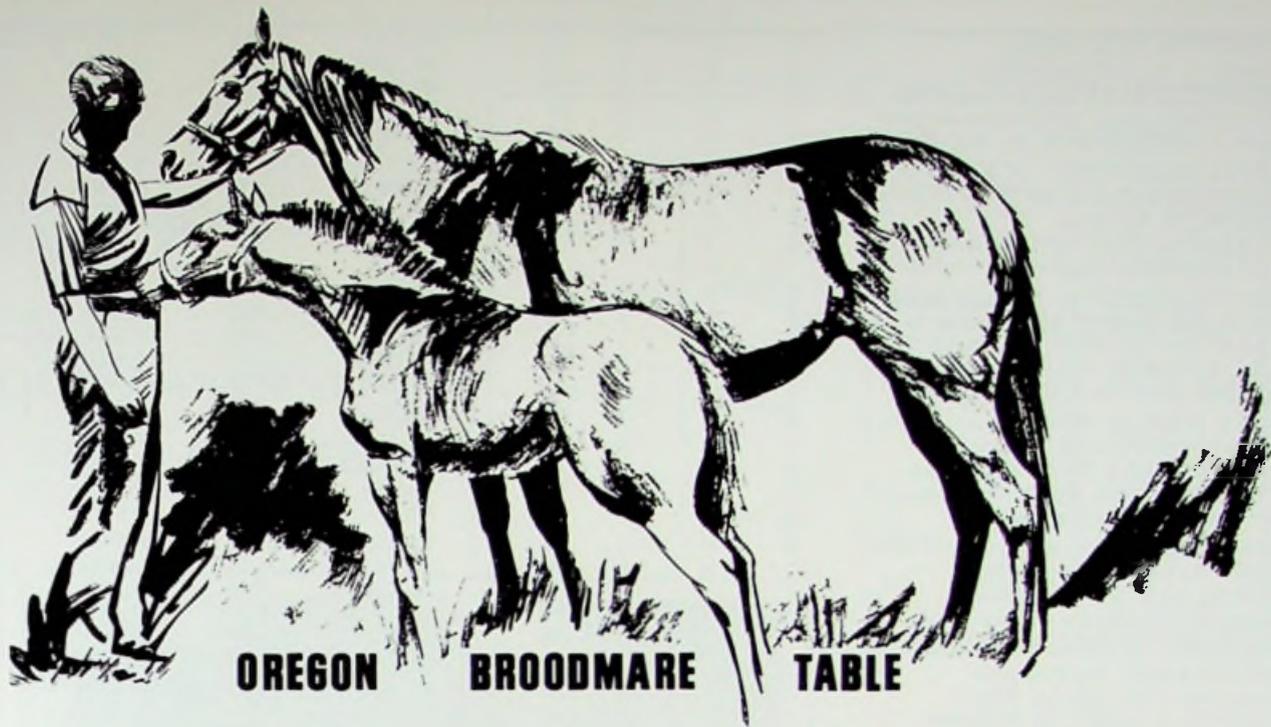

ROUND TABLE — NATALIE by *NASRULLAH

CANAL, in winning the **CHICAGO HANDICAP**, became **ROUND TABLE'S** ninth stakes winner of 1967. Thirteen stakes winners sired by Round Table won 22 stakes in 1967. And Canal is out of a daughter of ***NASRULLAH**, just like **MAHOGANY**. Round Table on *Nasrullah mares is proving the "nick" of the times! And **MAHOGANY** is the only son of **ROUND TABLE** at stud in the Northwest out of a *Nasrullah Mare. Mahogany's first foals arrived last year and are superb! Plan to book your mare now for 1968.

FEE: \$500, \$100 at booking, not refunded, balance when foal stands and nurses.

Scythian showed promise as a runner, winning two of his first three starts prior to developing leg trouble while training for the Triple Crown events.

At 3, won maiden race at Santa Anita (6-1/2 f in 1:17 3/5) beating Soboba, Fuzzy Thurston by 4 lengths; won allowance race at Santa Anita (6 f in 1:10) beating Found Out, Father Dino by 1-1/4 lengths.

Increase your chances of raising a stakes winner by booking your mares to well bred stallions. Stallions that stem from families which, year after year, generation after generation, have consistently demonstrated the ability to transmit class, speed and stamina to their progeny. Almost without exception, the world's most successful sires have stemmed from powerful, influential female families. Just as no stud is better than the quality of its mares, no stallion is better than the quality of his dam's family. While speed is essential, a horse's earning potential and value are greatly increased if it is capable of carrying its speed the classic distance of a mile or more. We feel that Scythian comes from a family that possesses these qualities and should be destined for immediate success in the stud.

As an introduction to stud
the fee for 1969 will be \$400
\$100 at Booking (not refunded)

SLAMRULER is by the immortal *Nasrullah out of Lydia by Grand Slam. Lydia is a half-sister to War Admiral, one of the greatest of all American-bred race horses. 86% of Slam ruler's 22 starters have won or placed including the stakes winner, Kissin' George, one of the fastest horses in training today. BIBBLIO is a 100% producer by the great Irish-bred *Sullivan, a sire of countless stakes winners and of many dams of stakes winners.

POSTILLION

STAKES WINNER OF \$56,355

POSTILLION 16th leading sire of North America percentage wise moves to WASHINGTON

Represented by 25 foals in 1967, 19 of which were winners for an average of 76%. Postillion has proven himself as a sire as well as a runner.

POSTILLION Leading Money Winning Horse in Canada in 1956 - \$12,470. Set three track records at: -- 1-1/16 mile: 1:42 --- 1 mile: 1:37.4 --- 1-1/4 mile: 2:05 --

	* ST. GERMAN	SWYNFORD
	BOLD VENTURE	HAMOAZL
	POSSIBLE	ULTIMUS
POSTILLION	EQUIPOISE	LIDA FLUSH
	IGUAL	PENNANT
	INCANDESCENT	SWINGING
		* CHICLE
		MASDA

POSTILLION is the sire of 7 stakes winners. His get has earned in excess of \$250,000. He is a full brother to ASSUALT, Triple Crown winner and winner of \$675,470, and On Your Own, stakes winner of \$60,725.

POSTILLION sire BOLD VENTURE won both the Kentucky Derby and the Preakness earning over \$225,000.

POSTILLION dam IGUAL was stakes winner and producer of five stakes winners. Her sire EQUIPOISE was stakes winner of \$338,610.

The horseman's dream Postillion possessed the speed of a sprinter and the endurance of a stayer winning from six furlongs to a mile and a quarter. He is the picture of perfection in CONFORMATION --- DISPOSITION --- PERFORMANCE.

DYNAMITE TAXI

HIS SIRE—Toulouse Lautrec, sire of The Scoundrel, stakes winner of \$97,625, and many other stakes winners. He was the leading sire in Italy in 1959 and one of the top three leading sires in 1960 thru 1962.

HIS DAM—La Rica by DOMKE. La Rica produced three stakes winners. Condemnation, Sunny Gal and Saratoga Book. She had 11 foals—**ALL WINNERS**. Her foals have earned a total of \$213,757.

DYNAMITE TAXI has two crosses to Phalaris and Four crosses to Polymelus, the sire of Phalaris. (6 of 10 leading sires in 1968 are traced to Phalaris in the tail male line.)
 Dyaamite Taxi's first small-crop of foals will race in 1969.

FEE: \$250 - LIVE FOAL

MONUMENTAL

MONUMENTAL DEFEATED TOP HORSES IN ARGENTINA

His Record -

Starts	1st	2nd	3rd	
12	7	2	2	He was

unplaced in one start when he lost his rider at the start. He was a SW of three races and won from 5 1/2 furlongs in 1:03 1/5 to 7 1/2 furlongs in 1:23 1/5.

NEARLY HALF OF THE IMPORTED HORSES WHICH WON STAKES IN THE UNITED STATES LAST YEAR WERE FOALD IN ARGENTINA. THIS IS RAPIDLY BECOMING AN IMPORTANT SOURCE FOR BREEDING STOCK FOR AMERICAN BREEDERS.

His sire Sidreal, three times Argentina's leading sire in money won by progeny, led all sires in principal winners during the 1967-68 racing season in Argentina. He was the sire of Make Tracks winner of six stakes in England. He is the sire of over 20 stakes winners including Make Money, world record holder for 5/8 mile. In the United States, Make Money defeated Native Diver, Real Good Deal, Talure, Travel Orb, Sledge, Biggs and Pretense.

Broodmare Record Policy

The following broodmare section has undergone some major changes and revisions. As experienced in the past, we feel that this section is an important and intricate part of the Oregon breeding industry. This section has served as a guideline to stallion owners, broodmare owners and prospective buyers. Changes in policy and/or formats are extremely difficult, if not impossible; however, alterations are necessary. Due to the increased money now available to Oregon breders and the rapid and ever-expanding growth of the broodmare population, it has become imperative that we make the following revisions.

For the present we will list only those broodmares who, for the past season, have produce at the track and those who have accumulative earnings in excess of \$2,000 or more over the preceding year.

In so doing, we have eliminated some 130 plus mares whose produce is listed as

unraced, unplaced or did not obtain the \$2,000 mark. It should be herein mentioned that should a mare not appear in the following statistics and should readers desire information regarding same, they may obtain the information by contacting the offices of the Oregon Thoroughbred Breeders Association or the Oregon Thoroughbred Review.

We are now looking to the future with the distinct possibility of limiting this section to the mares who place in the top 100 in the state. In so doing, we would be afforded the opportunity of projecting future costs and size of each publication.

In summation, it should be noted that because a mare is not herein listed it does not necessarily indicate that such mare is undesirable. It merely is a breaking point for monies earned and statistical review, for the year 1968. A mare who does not appear in the following could conceivably and easily be listed in next years publication.

PILOT JOHN dr. B.H., 1959

JOHNS JOY - PIGREENY by PILATE

Fee: \$500

- Winner of over \$59,000.00, is the only son of "JOHNS JOY" in the West. This offers you the opportunity of classic blood close to home.
- Bred 3 x 3 to "Teddy" and out of a winning stakes place "Pilate" mare. PIGREENY is the dam of 3 foals - all winners, winning a total of 43 races and \$125,880.00.
- "JOHNS JOY" is among the top 5% of all stallions in the world for the last 25 years.
- Now take a gander at the sons of "JOHNS JOY" that have gone to stud. Octopus, Uppercut, John William, Mr. Brick, etc. all extremely successful.
- PILOT JOHN was test bred to eight mares in 1966 and all eight reported in foal.

Study this opportunity
and if you
want a runner

IT'S LIKE BEING ON CLOUD "9"
IN A GOOKSTETTER VAN

No, we don't drive clouds, but horses who travel with us feel like they're on it! Specially designed vans to absorb shock allows horses to ship better and arrive in better condition. While it is true we have the best equipment this side of "Cloud 9" there is no substitute for top men who handle the rigs and horses en route! We are proud of our experienced help, who in addition to being good drivers, are first and foremost top horsemen! . . . The best compliment paid us is the number of repeat and satisfied customers . . .

**GOOKSTETTERS
VAN SERVICE**

8	0	0	0	215
	<u>9</u>	<u>3</u>	<u>9</u>	<u>\$24,330</u>

HIS SIRE - *Royal Serenade won Stakes in England and the U.S., earning 10,971 1/4 lbs. and \$160,900. He has sired 175 winners of which 16 are Stakes winners. His foals have earned over \$3,000,000. He had 25 wins, 7 seconds, 1 third, and was unplaced only 7 times in his career. He is one of the most successful sons of Royal Charger at stud in

this country, having ranked high on the list of Two Year Old sires as well as General Sires for the past several years.

HIS DAM - Social Side, a winner and producer of four other winners, is a daughter of the outstanding broodmare sire, Roman, who has led or been high on the Maternal Grand sire

listings for many years. Some of his outstanding runners this year are Romanticism and Desert Law from the William Haggan Perry Stables. She is of the good winning foreign family #5. Destructors first foals are yearlings of 1969 and are a very uniform group of foals. All growthy and very athletic looking.

DOBI DEENAR

By CLEM

from a pedigree with brilliant racing performance on both the top and bottom lines!

Two Lea won the Hollywood Gold Cup and the Children's Hospital Handicap against the best runners of her day. Among the horses she repeatedly met were such brilliant campaigners as *Noor, Great Circle, Moon Rush and her own stablemates Citation and Ponder. Earning \$309,250, Two Lea more than held her own against males. Two Lea produced such outstanding runners as the champion colt Tim Tam, winner of two-thirds of the Triple Crown before suffering a fractured sesamoid in the Belmont Stakes. On-And-On, winner of the Brooklyn Handicap, 11 other races and \$309,718, was the result of mating Two Lea with *Nasrullah. Her third stakes winner was Pied D'Or, who won 18 races and \$152,513. Two Lea came by her talents naturally, however, because she was a daughter of the fine race mare Two Bob, winner of the Royal Palm Handicap over males. The latter produced the three fine sisters, Two Lea, Twosy, and Miz Clementine, all by Bull Lea. Each of the later defeated males in major stakes.

Clem was in the money in 25 out of 27 stakes (SW of \$535,681), defeated the likes of Round Table (3 times) and set track records in the United Nations and Washington Park Handicaps. The sire of 8 stakes horses from his three crops to race, Clem ranks in the top 4 percent of all North American sires with an Average Earnings Index of 2.40.

Eskimo Love is a half-sister to Tim Tam, On-And-On and Pied D'Or and by leading sire and leading broodmare sire *Artic Prince.

GOODSTART ESCADRILLE MAN O' WAR

A GOOD DEAL FOR YOU MR. BREEDER IS

A GOOD START COLT

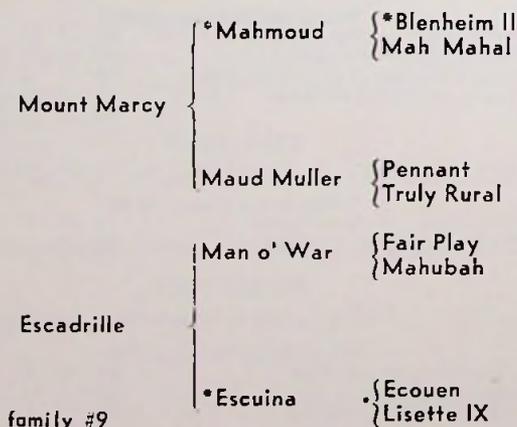

FOR YOUR STRING OR THE MARKET

By the time this crop is two, the little Good Starts will be winning. You will be ahead to breed to him in 1969 and 1970—money ahead. This is a homemade ad and will not be too fancy, let's not mince words, consider facts. Your mare is real as is every years depreciation of her worth. Those dollars she costs to keep are real and unbendable facts—so let's see how breeding to Good Start will give you the most for your broodmare expense and stallion cost. First though let's ask what makes a good sire? The country's leading breeders, leading in money and races won by their produce, agree you have to start a successful runner. What's that? Well, you know, but let me remind you. A race horse shows attributes required of a herd running stallion—he has to recover from physical setbacks of varying degrees. He must have speed and courage against live, aggressive competitors, not just watch ticks. Did you ever notice that most horses have speed, but few can give it to you when you want it? To make money, you need it in a race when the track is open—morning glories and faint hearted finishers or stock that can only be propped up to bring in a couple of checks a year or horses that cannot pay their way in open company, aren't much as sire prospects. There are a million reasons given why horses do not win green money. But a full horse has to face the above facts. Good Start has 100,000 \$ reasons to say he's a race horse.

A great horse can just happen, but very darn seldom. That's where bloodlines come in. It is about 50 to 1 that most stakes (\$10,000 added or better i.e., real open company stakes) are won by offspring of families (lines) that produce and average of good, and an occasional individual of superior, quality. A handful of lines produce many superior and nearly all very good offspring. The superior race horse, Good Start, has such lines in tail male and tail female and that is where you come in.

GOOD START

**DURABLE — HARD HITTING WINNER OF \$100,529 IN TRACK RECORD TIME
WON 35 RACES — PLACED IN 60 OTHERS**

Good Start, bred by C. V. Whitney, in Lexington, Kentucky, has proved what the "true" thoroughbred character really is. Despite a number of injuries and setbacks this courageous horse always came back to give a respectable showing. His grand total of 95 firsts, seconds or thirds proves his class. Winning at Santa Anita at 1-1/2 miles or setting track record at Del Mar his class always showed. At an age when most horses are retired, Good Start set a track record. Combined with an excellent race record, Good Start has the pedigree to go along!—to make it as a sire. MOUNT MARCY, a stakes winner of \$152,110 at three through 6, has sired winners of nearly \$2,000,000 including several excellent stakes winners. And you can't fault Mount Marcy's pedigree.

ESCADRILLE, an unraced daughter of Man o' War produced, in addition to \$100,000 winner Good Start, the stakes winners Giant Killer and Knight's Quest. She also produced 6 other top winners including Escalade (dam of \$359,000 SW Manassa Mauler—\$74,000 SW Escadru—\$61,745 winner Turf Pic—SW Escador, etc.) Escadrille is a sister to the great filly, Bateau (C.C.A. Oaks, Gazelle, Selima, Fashion, Whitney, Suburban and Southern Maryland H. and SW of \$120,760) as well as to the top SW and sire Jean Bart. From this great female family have come countless top stakes performers and a number of excellent sires.

Prince Beyond CH. H.

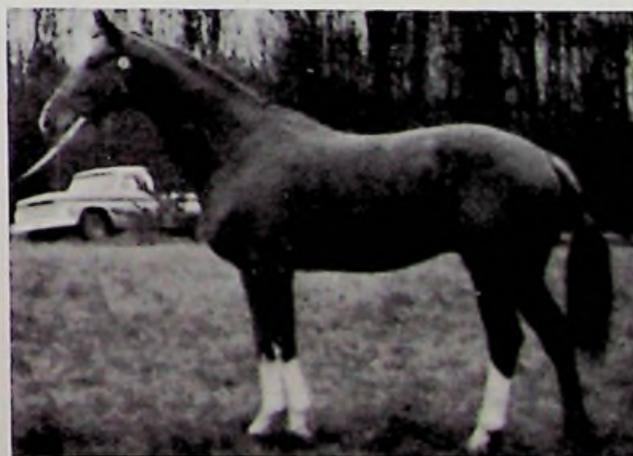

Prince Beyond, 6 year old chestnut stallion.

Sire — Stakes producing Sherry Prince by horse of the year, Hill Prince.

Dam — by Endeavour 2nd, sire of dam of Tumble Wind, champion 2 year old in 1966.

This stud has the breeding to produce stakes winning horses and the conformation and color to produce top hunters who are bringing more money than race horses in Oregon today.

Prince Beyond stands at Freeman Farm, Mal-lala, Oregon. Box stalls, hay and grain, \$2.00. 150 acres irrigated pasture, all woven wire fences, \$30.00 per month.
